

## HILLTOP ACRES POULTRY PRODUCTS

Hilltop Acres Poultry delivers on its promise, making it the leading poultry producer for the region.

Hilltop Acres Poultry Products is a family run business specializing in poultry products, and located in Breslau, Ontario. Owned and operated by Karen and Donald Reist, Hilltop strives to provide the freshest and highest quality products possible to their customers by holding both themselves and their suppliers to the highest standards. Their products are wheat, gluten and lactose free.

They are a farm family that started raising heavy roasting chickens approximately 35 years ago. Because of a high demand, this led them to retail poultry, offering ground chicken and turkey, and sausages. They produce all their own products, which enables them to ensure quality and content during each phase of production. They also smoke some of their product and sell specialty items such as rabbits and ducks.

Stop by the Hilltop Acres Poultry family farm store, just outside Bloomingdale, where they have a fresh counter and frozen section displaying their farm fresh products for a customer base that extends throughout Southwestern Ontario. Hilltop

**“OIMP Membership is important to us because we feel strongly that we need a voice. As one business we can’t do that, you need to belong to a group.”**

-Karen Reist, Owner/Manager

is a proud supporter of the Buy Local, Buy Fresh program.

Hilltop has been at the St. Jacobs Farmers’ market since its beginning and has built a steady clientele by providing fresh and frozen products. They take the time to get to know what their customers need and want and are able to respond to customer’s allergy needs or specialty diet.

Hilltop Acres Poultry Products became a valued member of the association in 2004. “OIMP Membership is important to us because we feel strongly that we need a voice. As one business we can’t do that, you need to belong to a group,” says Karen Reist, Owner/Manager. “A small business struggling needs someone there for them to keep them up to date with what is going on in the industry, get a heads up. Membership is invaluable.”

Time restraints have prevented the Reists’ from attending as many OIMP functions as they would like. Recently an employee attended a Food Handler Training Workshop and thoroughly enjoyed it. “He came back to work more conscious of what we do,” said Karen. “It gave him a better understanding of things. He learned lots of valuable information.”
